Innovation is in our DNA. From our humble Northern Michigan beginnings, we have always strived to serve the landscape industry by providing products that are better looking, easier to work with, and more durable than their alternatives. We’re continually driven by the challenge of finding the better way: better aesthetics, better design, and better strength.

As Rosetta, you helped us steadily push the needle forward: staying ahead of the curve with outdoor living products that married the industry’s most realistic textures and colors with materials of unparalleled strength and durability. Beginning with Outcropping, the first life-sized wetcast wall for your backyard, and continuing through our entire line of wall, patio, and fire products, we’ve never stopped chasing the better way.

That chase has led us to HIGH FORMAT™. But it’s more than just a name change. As HIGH FORMAT™, we aim to better serve you by providing access to a greater range of products, materials and technologies to spark your creative passions. In addition to the wetcast walls and slabs that you know and love, we’re continuing to innovate with our new large-format, ultra-thin and super-durable TEKTRAMAT® products. And we’ve expanded our offerings to include access to some of the most beautiful and hard-wearing natural stone slabs available anywhere.

What’s not changing is our dedication to quality and service. We’re the same team you’ve always worked with. And we aspire to continue serving you with products that are better looking, easier, and more durable than anything else on the market. From all of us, thank you for choosing HIGH FORMAT™!

**Polymeric Sand**

**Evolution Groganix**

- High performance polymeric sand for joints up to 4 inches.
- Over 15 years of proven exceptional performance.
- A unique, multi-purpose, haze free formula with enhanced polymer binding technology.
- Time-saving, one step watering process.
- Easy sweep, dust reduced formula.
- Available in five unique and natural colors with no added pigment (no discoloration over time).

**Evolution**, the only sand you will ever need.

**Groganix**

- OMRI Listed for organic use.
- Organic soil amendment, improves poor quality soils (turf, garden, flower beds, food plots).
- Filler free: Black Gypsum (10% humic acid) replaces hard to breakdown limestone fillers found in most synthetic fertilizers.
- Disperses evenly and provides immediate and readily available nutrients to the plant.
- Promotes root growth and energy production.
- Provides consistent greening and growth.
- Helps neutralize pet urine spots.
- Waterway safe.
- Contains no human or poultry waste.
- Safe for your family and pets.
- Available in two premier mixes.

**Color Options**

- Beige
- Grey
- Black
- Charcoal
- White (Special Order)

The OMRI Listed Seal assures the suitability of a product for certified organic production, handling and processing in the United States.
**LIFETIME LIMITED WARRANTY**

We want you to feel comfortable and confident when starting your project. That’s why we make sure you have the resources you need to get the job done right. Everything we make, we back with a lifetime limited warranty.

HIGH FORMAT™ products as manufactured by HIGH FORMAT™ are backed by a lifetime limited warranty from the manufacturer to the original end user, for products used in residential applications. This assurance of product quality is applicable where products have been correctly installed to manufacturer’s specifications. Any properly installed hardscape material manufactured by HIGH FORMAT™ that deteriorates due to the concrete in the product not meeting the design strength specification will be replaced by the manufacturer. The following items are not covered by this warranty; color variances and the appearance of surface stains resulting from chemical reactions such as efflorescence or differential curing; damage caused by installation, misuse or abuse of the materials; deterioration caused by de-icing salts or fertilizers; damage resulting from sub-grade settlement or movement, hairline cracks that do not affect the structural performance of the product, spalling of less than three percent of the surface area, contact with chemicals or paint, discoloration due to airborne contamination, staining, oxidation, or improper sealing. Products purchased must be registered with the manufacturer within 60 days of end user’s purchase for warranty to be valid. You may register your project at HIGHFORMAT.COM/WARRANTY.

All warranty claims must be made prior to the removal or disposal of the defective product. Warranty claims will be reviewed by a company representative and may require samples of defective product for analysis. Warranty does not include removal, installation, or transportation to replace the material. Warranty is not transferable and is extended to the original end user only. Proof of purchase is required.
